BOSS UP Summit WELCOME

February 16–23, 2026 | 100% Online | Global Women's Summit

We are so honored you're interested in speaking at the Wealth Reborn Summit an empowering online experience for women who have transformed pain into purpose, survival into strength, and hardship into wealth, faith, and freedom.

From the desk of **SB JABINI**

Welcome

I'm truly honored to walk this journey with you. My name is SB Jabini, and I am the founder of Wealth Reborn — a movement created for women who are ready to rise from financial struggle, emotional pain, and burnout into true freedom, faith, and abundance.

When I began this work, my mission was simple: to help women rebuild their lives from the inside out spiritually, emotionally, and financially. Not by hustling harder, but by gaining clarity, strategy, healing, and the right community.

Over time, Wealth Reborn has grown into something bigger than I ever imagined. Our message of turning pain into power and struggle into strength has been published in more than 400 newspapers and magazines across the USA, amplifying the voices of women who are ready to break cycles and create real change.

This isn't just a program it's a rebirth.

Inside this space, you'll find support, mentorship, mindset renewal, wealth education, faith-based empowerment, and a community of women who understand your journey because many of us have walked it too.

Whether you are here to heal, to rebuild your finances, to create new income streams, or to rediscover yourself again...

You are in the right place.

My promise is simple:

I will hold the standard with you, equip you with real tools, and walk beside you as you step into the woman you were always meant to be.

Here's to your Wealth Reborn

from pain to power, from survival to overflow. 🌟

Our WHY

Your Story. Your Strength. Your Wealth

We created the Wealth Reborn Summit because too many powerful women are still carrying stories of struggle, silence, burnout, or “being strong” alone while secretly knowing they were meant for more.

We believe wealth is not just money.

Wealth is healing. Peace. Faith. Self-trust. Overflow.

Wealth is rebuilding yourself from the ashes and then rising so high that your story becomes someone else’s survival guide.

This summit exists to rewrite the narrative of what a wealthy woman looks like, lives like, and leads like.

It’s for the woman who:

- ✦ Turned her pain into her platform
- ✦ Chose purpose over bitterness
- ✦ Built businesses, ministries, and movements from scratch
- ✦ Refused to accept lack as her inheritance
- ✦ Is ready to create legacy not just income

We are gathering women from around the world because we rise higher together.

This is a space of faith, truth, power, femininity, and divine alignment.

Our mission is to:

- 💎 Normalize women thriving spiritually, emotionally, and financially
- 💎 Equip women with tools to build sustainable wealth and inner peace
- 💎 Create a global sisterhood of women who don’t just succeed — they transform
- 💎 Give coaches, entrepreneurs, leaders, and visionaries a platform to impact lives
- 💎 Restore the truth that abundance is not a dream — it is your birthright

We do this because when a woman heals...

Her family heals.

Her community heals.

Her future shifts.

And generations after her are changed forever.

Wealth Reborn is more than a summit.

It is a movement... a rebirth... and a declaration that your story did not break you it built you.

And now, it’s your time to shine fully, freely, abundantly.
